Tutor biography

Christine graduated from the University of Reading where she undertook research into imagery in Virgil's *Aeneid*. Her doctoral thesis with the Open University examined Late Antique and Mediaeval illuminated manuscripts of the *Aeneid*. She is an experienced teacher of both secondary school students and adults. She seeks to inspire her students with a similar enthusiasm for the Classical world as she holds herself, not least by encouraging her students to look at artefacts in museums and by organising visits to the Classical world.
